Congratulations on graduating and successfully completing secondary school. This is a very exciting and nerves time for all of you. I am deeply sorry for what you are all going through during the floods and may you all be safe and healthy in this difficult period. I wish you the very best and good luck for all of your future endeavours whether you are about to sit your VCE exams or embark something different. We all admire the hard work you are doing by helping to save your community instead of celebrating your school graduation. I think it's an understatement that we are all

tremendously proud of your actions and behaviours over this difficult time. We the students of Kílbreda College are all thinking and praying for you during this tough time. Once again, good luck with your up and coming exams and in the future ahead.

Dear Year 12 student/s

With not long to go I'm sure many of you are feeling tired and stressed, though, throughout these many years of schooling you still are able to work tirelessly towards your goals, and even on the days that may matter most to you, you are able to help others and continue to not be selfish, many people in your school and community are so proud of you and appreciate all that you do, and wish to thank you for your work and know that you are not alone, there is always light even in tough times. You have done it, you have made it this far, and each and every one of you should be so proud of yourself. All of us wish you the best of luck for your future and for your exams. For some, this might not be easy but know that you all have support and people in your lives, whether it's parents, teachers, friends and more, we all want you to continue to do your best. No matter how you go in your exams or studies, you should all be extremely happy with what you have become and what you have achieved.

Best wishes,

Hi year 12's, I just wanted to pass on my best wishes for you all. I'm so sorry to hear about the floods you are facing, and that you missed out on your celebration day. I'm sure you were all looking forward to it, but please remember that one day doesn't determine how your high school experience has to end. Be proud of your efforts in these past 6 years of high school, and 13 of school in total because to get to this point is truly amazing! Do the best that you can and continue to look after one another and yourselves. Sending love and thoughts to you all, best of luck and please stay safe.

From fellow year 12, Shannen.

Me and the rest of the Kilbreda College community wish you well for the years to come and know that you can find the light at the end of the tunnel!
