

VCE FRENCH

INFORMATION GUIDE

Kilbreda College

VCE FRENCH

RATIONALE

The study of French contributes to student personal development in a range of areas including communication skills, intercultural understanding, cognitive development, literacy and general knowledge. Learning and using an additional language encourages students to examine the influences on their perspectives and society, and to consider issues important for effective personal, social and international communication. It enables students to examine the nature of language, including their own, and the role of culture in language, communication and identity.

UNIT 1

Area of Study 1

Interpersonal communication

In this area of study students develop their skills and knowledge to establish and maintain an informal, personal, spoken interaction in French on a selected subtopic.

Area of Study 2

Interpretive communication

In this area of study students locate and use information from two texts in French, chosen from a written, spoken or audiovisual format.

Area of Study 3

Presentational communication

Students present content related to the selected subtopic in French in written form, which may include supporting visual elements.

UNIT 2

Area of Study 1

Interpersonal communication

In this area of study students participate in a written exchange in French.

Area of Study 2

Interpretive communication

In this area of study students extract information from texts provided in French and respond to the texts in writing using elements of this information.

Area of Study 3

Presentational communication

In this area of study students research cultural products or practices that demonstrate an aspect of the culture studied.
