Camps, Retreats and Adventure Programs

In 2027, the Year 8 and Year 9 overnight camps will be replaced with three days of adventure, exploring the city, coast and country. These experiences will provide opportunities for students to strengthen friendships, embrace new challenges and discover what they can achieve together. Students will return home each afternoon. The programs are included in the Consolidated Levy.

Year 7 • Thrive

Growing together. Discovering more.

15 - 17 March 2027

The Year 7 Camp will provide students with an exciting opportunity to develop independence, build new friendships and strengthen connections with their peers. Held at Lord Somers Camp, the experience will encourage students to step outside their comfort zones, embrace new challenges and develop important skills in teamwork, leadership and resilience. Through a range of outdoor activities and shared experiences, students are encouraged to support one another, build confidence and create lasting memories as part of the Kilbreda College community.

Students will participate in a combination of the following activities: initiative games, marine discovery, pizza making, screen printing, kayaking and stand-up paddleboarding.

Year 8 • Explore

Three adventures. New connections. A world to discover.

10 - 12 March 2027

City | Discover Melbourne

On an Amazing Race through Melbourne, students will follow clues, uncover hidden gems and discover the city's street art, landmarks and diverse food cultures. Working in teams, they will share new experiences and get to know the city in a different way.

Coast | Find Your Stride

On a coastal trek, students will discover the joys of hiking, learn how to prepare for the journey and find a pace that works for everyone. Along the way, they'll enjoy the outdoors, encourage their teammates and build confidence in trying something new.

Country | Reach New Heights

At Golden Valleys Campsite in Flinders, students will take on outdoor challenges, experience new adventures and discover what they can achieve together. It is an opportunity to step outside their comfort zones, build trust and celebrate shared successes.

Year 9 • Beyond

Broaden your horizons. Build connections. Back yourself.

26 - 28 July 2027

City | Discover & Connect

Taking their teamwork and problem-solving skills further, students will navigate an Amazing Race through Melbourne, making decisions, solving clues and exploring the city's street art, landmarks and diverse food cultures. They will take greater ownership of the challenges and work together to find their way.

Coast | Navigate & Persevere

Building on their introduction to hiking in Year 8, students will develop their navigation, preparation and responsible outdoor travel skills on a coastal trek. They will take greater responsibility for themselves and their group, persevere when the going gets tough and build confidence.

Country | Challenge & Grow

Taking on challenges at Golden Valleys Campsite in Flinders, students will push themselves with activities including zip lining, rock climbing, archery, the giant swing, high ropes and a double flying fox. They will test their limits, embrace new challenges and discover the confidence that comes from backing themselves and one another.

Year 12 • Reflect

Reflect on your journey. Deepen connections. Embrace what's next.

3 - 5 March 2027

Across three days at Rutherford Park, the Year 12 Retreat offers students a chance to step away from the busyness of study and daily life, and be present to themselves and one another. Through guided reflection, meaningful conversations and shared prayer, students will explore our College values and how they can live these ideals in their everyday lives. A thoughtful liturgy, sunrise walk and shared breakfast will create special opportunities to connect, strengthen friendships and develop a renewed sense of purpose as they embrace their final year and the journey ahead.
